

Response #10

Due: Tuesday, December 8th

For this response, I'd like for you to reflect on your experiences with the Writing Center. You might want to consider some of these questions: What did you find most helpful about your experience? Did anything surprise you? What changes have you made to any of your essays as a result of your tutorial, and why? Is there anything that you believe would make your experience even better, or help you more?

I understand that sometimes, an experience at the Writing Center might not be the greatest, and that is okay; it happens. However, this journal isn't a "tattling" or "venting" kind of journal. If you did have a negative experience, you can explain why, and explain what you think could have made the experience more positive. I am hoping, though, that most of you have had positive experiences working with tutors, and so with this journal I'd like for you to reflect on how that experience might have enhanced your writing process.
