## COMM 10: Introduction to Communication Communication Analysis Assignment Practice Sheet

|         |            |            |                 |            |              | _          |           |
|---------|------------|------------|-----------------|------------|--------------|------------|-----------|
| Briefly | describe t | he object  | person or event | vou chose  | and the reac | on for you | r choice. |
| DITCHY  | ucserioc t | ne object. | Deison of event | vou chose. | and the reas | on ioi vou | i choice. |

Write down the denotative and connotative meanings of the object/person/event in the columns below. If you need more space, draw a line down the middle of the back of the sheet and continue your analysis there.

| Denotative meaning(s) | Connotative meaning(s) |
|-----------------------|------------------------|
| 8()                   |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
|                       |                        |
