WellConnect

A Value Added Service for Clinicians

- Can make clinician's job easier and more satisfying as it increases the likelihood that the patient will engage in more self-management
- Can become part of standard treatment plans for patients
- Can become a trusted partner to improve the health of individuals and communities

Relative Contributions To Health

Director of Research and Integration

Aaron Leppin, MD, Mayo Clinic

*Research Associate, Knowledge and Evaluation Research Unit
Assistant Professor, Division of Health Care and Policy Research*

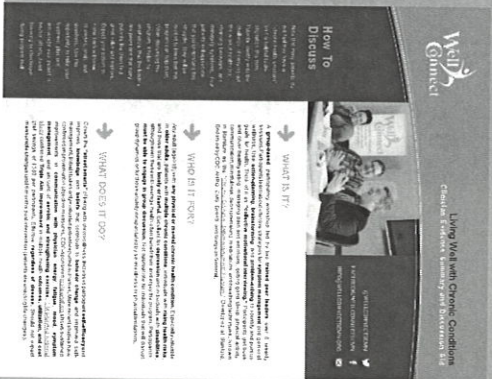

- Led the efforts of the WellConnect partnership to become a recognized model of innovation in cross-sector partnership and healthcare delivery.
- Published research associated with WellConnect: “Integrating community-based health promotion programs and primary care”

Making the Referral: www.wellconnectsemn.org/providers

Step 1

Familiarize yourself with content, format, and how to discuss

EVIDENCE SUMMARIES AND DISCUSSION AIDS ON EACH PROGRAM

01 LIVING WELL WITH CHRONIC CONDITIONS
part of record →

coming soon →

03 FALLS PREVENTION PROGRAM
coming soon →

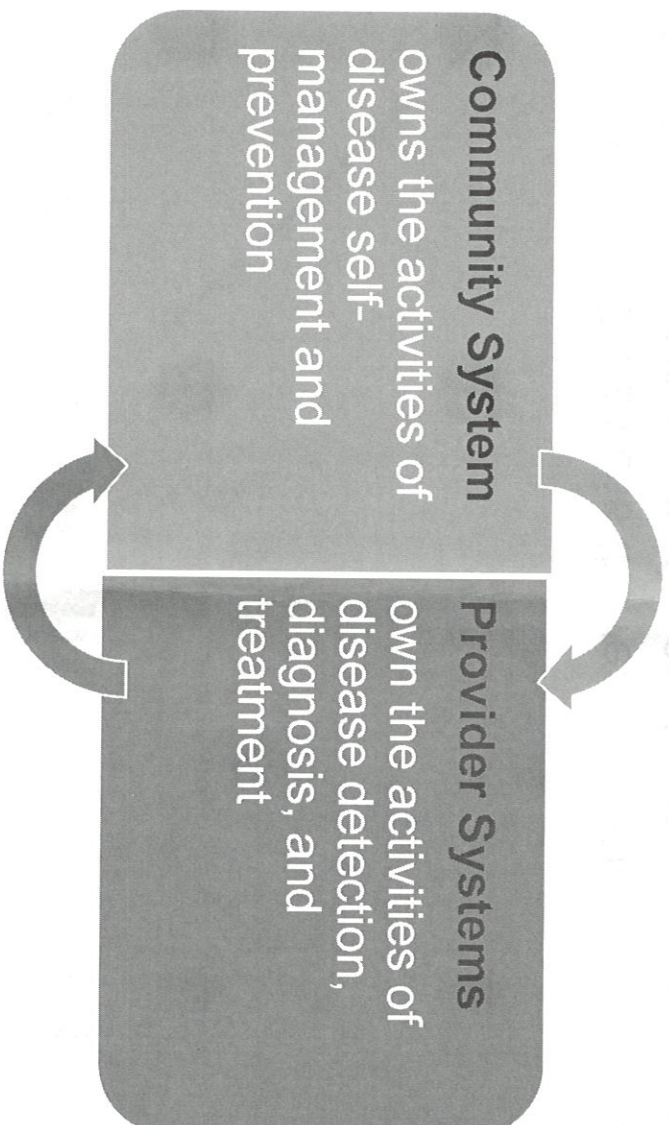

Step 2

Use referral strategies best for your practice; consider warm handoffs and EMR order button

HAVE WELLCONNECT CONTACT YOUR PATIENT
MAKE A SECURE REFERRAL, COMING SOON

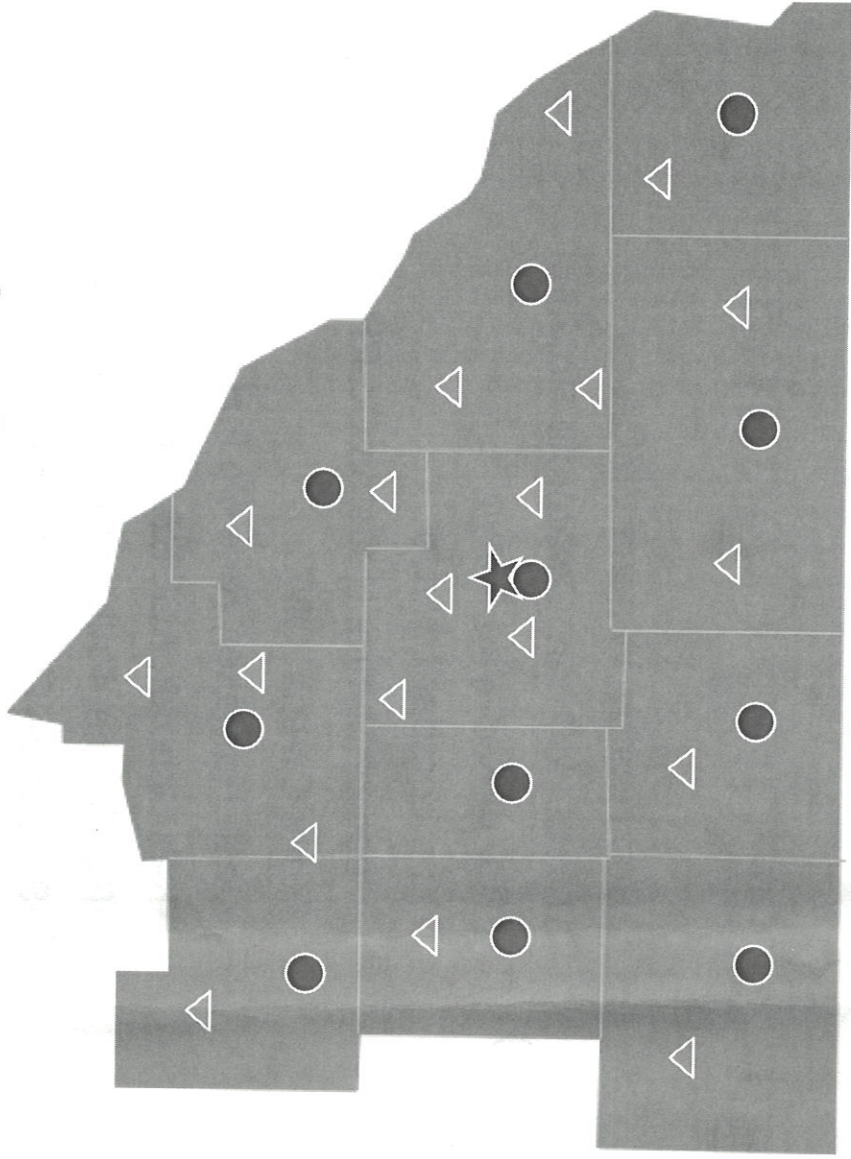

WellConnect brings together evidence-based program offerings into a hub, creating a system that can interact with traditional healthcare more effectively and efficiently than any individual organization could alone.

What does it look like?

- A single, branded, regional partnership of existing SE MN organizations
- 20 member, multi-stakeholder Steering Committee
- Independent 501c3

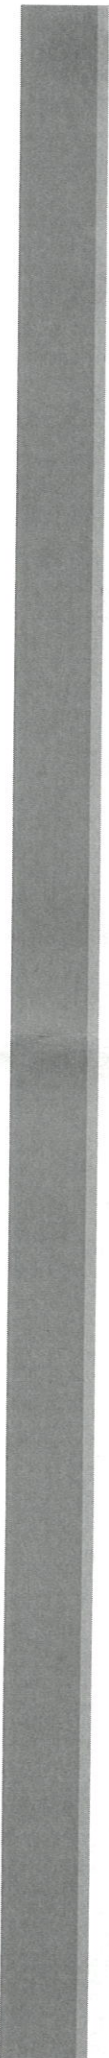

1 Area Agency on Aging: training, coordination
11 SHIP (public health): promotion, connections
Community Organizations: program providers

Well Connect

SE MN partnership

Mission: To facilitate sustainable clinical-community linkages to evidence-based health promotion programs

A regional approach to partnership

- 2 years of research and development
- Involvement of clinical practice, community, public health at all stages

WellConnect was created
FOR Southeast Minnesota
BY Southeast Minnesota.
